CLEANCUT™

THE STEP-IN TUB EXPERTS!

CUSTOMER TESTIMONIALS

I'm very pleased to have this safer method of getting in and out of my bathtub. Having this cut out will hopefully allow me to stay in my home much longer.

-Joyce

Great product and what a fantastic concept! What a life changer for seniors and people with disability.

-John

This has given us a better quality of life. Adding this, with the conversion option, in our bathroom, along with hand rails, has added shower safety and confidence to our life. Love it!

-Debbie

This product is absolutely wonderful. Affordable and aesthetically pleasing. It was a fantastic solution for my mother and will allow her many years of independence. She absolutely LOVES it! I highly recommend if you are looking for a tub conversion solution that doesn't break the bank.

-Kelly

Very cost effective way to convert a bathtub into a walk in shower!! Easy to step in and out of. Much safer than trying to step over.

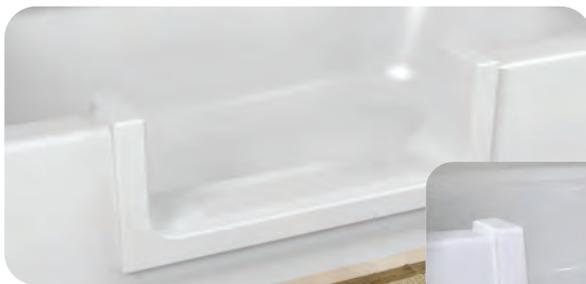

-Becky

This product has allowed my husband to bathe himself with no help from me. We both are happy with his independence. Before this he was always afraid to get out of the tub. What a good idea!

-Sue
